### Bachelor In Computer Application

Mechi Multiple Campus /  
bhadrapur / January, 2019 -  
January, 2024

### +2 Management

bibhuti vidya mandir /  
bhadrapur / April, 2017 -  
December, 2018

I have successfully completed my +2 education with a focus on management, supplemented by computer science as my chosen optional subject. This diverse academic background has equipped me with a well-rounded understanding of both business principles and technological concepts.

# Sujit Shrestha

## Software Developer

A recent graduate of BCA from Tribhuvan University, Dynamic and highly motivated professional with a passion for software development and video editing seeking a challenging position where I can leverage my technical skills and creativity to contribute to innovative projects.

## EXPERIENCE

### 3-months Internship

Pratham IT System Pvt. Ltd. / Jhapa

I undertook a dynamic three-month internship at Pratham IT System Pvt. Ltd. in birtamode, Jhapa, where I actively engaged in skill development and practical application of ASP.NET MVC and .NET Framework. During this period, I contributed to the development of responsive web applications, ensuring code quality through version control using Git. This internship provided invaluable hands-on experience, refining my technical skills and adaptability in a professional setting.

## PROJECTS

### Document Management System

Document management is a system or process used to capture, track and store electronic documents such as PDFs, word processing files and digital images of paper-based content. Document management can save you time and money. It provides document security, access control, centralized storage, audit trails and streamlined search and retrieval. Technology used for front-end is Reactjs and back-end is Node js.
